FAIR PRODUCTS!

For a long time, it has been obvious for us to use locally produced and organic products, as much as possible. On our starter and main course menu we only have meat, fish, eggs and poultry that are from Sweden. Or have "green light" on WWF's list for environmentally friendly handling of products. The challenge is greater now due to the prevailing worldview, but we are constantly working to find the best alternatives. The seafood that is not from Sweden is MSC-labeled.
